

## Virginia Alternate Assessment Program (VAAP) Reports

### Pre-ATR Reports and Data Files

Report Name in PearsonAccess <sup>next</sup>	Report Location in PearsonAccess <sup>next</sup>	Description
<b>OnDemand Reports</b>		
<b>Student List Report</b>	Reports > OnDemand Reports	This report provides results for tests taken by students. Users have the ability to customize this report by adding or removing specific fields through the Manage Columns functionality.
<b>Student List Report XLS</b>	Reports > OnDemand Reports	This file is an export of the data in the Student List Report to an Excel file.
<b>Student Detail Reports</b>	Reports > OnDemand Reports	This is a single page report for each test completed by a student. The report includes overall test scaled score, performance level description, and reporting category scaled score information. This report may be provided to students, parents, or teachers at the discretion of the division/school.
<b>Published Reports</b>		
<b>Student Data Extract File</b>	Reports > Published Reports	This file includes all organizational, demographic and assessment record information for all valid test attempts for all students.
<b>Student Reports</b>	Reports > Published Reports	The student report is a multiple page report showing a student's performance on all subjects tested in the administration. This report may be provided to students, parents, or teachers at the discretion of the division/school.

**Virginia Alternate Assessment Program (VAAP) Reports**  
**Pre-ATR Reports and Data Files**

OnDemand Reports are student assessment reports generated and presented online at the user's request. Depending on the selected filters, report details vary.
